a xylem brand

Xylem |zīl əm|

- 1) The tissue in plants that brings water upward from the roots;
- 2) a leading global water technology company.

Were a global team unified in a common purpose: creating innovative solutions to meet our worlds water needs. Developing new technologies that will improve the way water is used, conserved, and reused in the future is central to our work. We move, treat, analyze, and return water to the environment, and we help people use water efficiently, in their homes, buildings, factories and farms. In more than 150 countries, we have strong, long-standing relationships with customers who know us for our powerful combination of leading product brands and applications expertise, backed by a legacy of innovation.
